PHOENIX, ARIZ., Aug. 11, 1894.

A delegate convention of the Republican party of the Territory of Arizona, is hereby called to assemble in the city of Tucson, Arizona, at 10 o'clock a. m., on Wednesday, September 12, 1894, for the purpose:

I. The nomination of a candidate for delegate to congress.
II. The nomination of a candidate for councilman-at-large.
III. The selection of a Territorial Central Committee.

IV. The transaction of such other business as may properly come before said convention. The basis of representation in this convention will be one delegate for every fifty votes and one delegate for each fraction of fifty over twenty-five votes cast for Hon. W. G. Stewart for delegate to congress at the November election of 1892. The representation of the several counties will therefore be as follows:

Total number of delegates.....104
It is ordered that proxies in this convention shall be held only by regularly elected delegates from the counties from which said proxies are held.

It is recommended that the delegates from each county be elected at least one week prior to the time of holding said territorial convention.

For the purpose of preparing a roll of persons entitled to seats in the temporary organization it is requested, by this committee, that a duplicate copy of the credentials of the delegates from each county be forwarded to the acting secretary at Phoenix, Arizona, immediately after said delegates have been elected.

It is ordered that the credentials of delegates shall consist of the statement that the following persons (naming them) have been duly elected delegates to the territorial convention, and this statement shall be dated and signed by the chairman and secretary of the county central committee if the delegates were elected by a county committee. If they were elected by a county convention the credentials shall be dated and signed in like manner by the chairman and secretary of said county convention.

A full attendance at this convention of not only the delegates, but of representative Republicans, is earnestly desired.

By order of the Republican territorial central committee. T. J. WOLFLEY, Chairman.

THE FIGHT FOR CONGRESS.
There is nothing to be gained by overconfidence on the part of the Republicans as to securing control of the next national house of representatives. The majority cannot be secured "hands down," for it will require a gain of over 100 members, and all of them must come from the Northern states. That a change of political sentiment has taken place that amounts almost to a revolution there can be no doubt, for everybody knows it to be a fact; but it will be only by the most earnest and persistent work that the house will be reclaimed at one stroke.

The machinery of the public offices is all in the hands of the opposition. There is no limit to the campaign fund that can be employed on that side. The gains must mainly come from states where the Populists have their strongholds. So it can be plainly seen, on a moment's reflection, that Republicans have a task before them that cannot with safety be regarded too lightly. This should not be looked upon as an "off year." The importance of bringing Democratic wreckage to an end at the earliest possible moment should be kept constantly in mind.

Republican candidates should pledge themselves to the restoration of the very things that the Democracy has overthrown. They should pronounce for the idea of protection that protects American industries because they are industries needing protection and not, like the Democratic congress, because they are owned by monopolists and trusts. They should, and must if they are to succeed, pledge themselves to the restoration of silver as a money metal. It is a restoration that will restore that the people want. There is no need to quibble about minor details upon which every voter may have an opinion of his own unlike that of any other voter, but let it be understood that the people want silver money and that they shall have it. The Republican party can be trusted with the rest. It has never yet given the country anything that was not worth its face, and it never will.

Carry on the campaign on these lines and a recovery of the house will be possible. On other lines it will not.

THE CHINESE are proving themselves to be barbarous persecutors and treacherous savages. They respect neither decency nor civilization. They are waging war against women and children; aliens and residents. The people are happy to hear of Japanese victories. The sympathy for Japan is the result of China's inhumanity. The little country of progress will be cheered to victory and praised for valor.

NEVADA, Mo., has passed an ordinance positively prohibiting the sale of cigarettes, not only to minors but to anyone. Each city, town and community in the United States should take similar action. The inroads the cigarette has made in this country are appalling. The habit is seductive after acquired but the effects are fatal.

COLORADO Democrats nominated V. D. Markham for the supreme bench. Mr. Markham announces he will vote the Republican ticket and if the Democrats can find another candidate he will be much obliged. Even Colorado Democrats are trembling and hear the tread of the Republican masses.

JUDGE E. J. EDWARDS will not be a candidate for congress. If a Democrat is to come from Gila county to the council, however, we suggest to the enemy that they cannot send a man who will look more faithfully after the interests of the territory than Judge Edwards.

PRAYERS are now offered up in the churches of Russia for the Czar who has drunk so much his kidneys pain him. Epicureans in this country pray twice each Sunday for Grover Cleveland and he has nothing but swell head and corns.

MINNESOTA discovers that she has been swindled out of a lot of timber by lumber dealers. They would better prosecute those foresters who are responsible for the fatal fires which have cost the state acres of timber and hundreds of lives.

"LYNCHING must be stopped in Tennessee," says Governor Turney. "if it is in my power to do so, and I believe that it is." Those are brave, good words. Let Governor Turney live up to them and all civilization will applaud him.

IN PREVIOUS campaigns Republicans labored to persuade workmen that protection was their friend. No persuasion is necessary this year. The workmen know it of their own experience.

JAPANESE are leaving China as fast as possible and a good many Chinese are leaving earth somewhat faster, all as a result of Korea and the dissatisfaction there.

THE "ROAD TO HELL," at Ottumwa, Ia., saloon, has been closed. The sign was suggestive, but the road is probably just as straight by any other name.
